

**THE REAL
STAKES**

PROTECT YOUR MATES AGAINST ONLINE SPORTS GAMBLING- RELATED HARM

About The Real Stakes

Join us to tackle harm caused by online sports gambling

Online sports gambling-related harm affects more than just the individual – it impacts friends, families and local footy clubs. The Real Stakes has been developed to provide your club with the practical tools and support to identify and address harm related to online sports gambling, learn how to prevent it and understand how to support your friends or even yourself.

Attend an information session or webinar, featuring experts with lived experience, learn how the industry creates harm and discover how your club can lead the way in addressing online sports gambling-related harm.

**Protect your mates. Protect the game.
Join us and make a difference.**
